

We claim:

1. (Original) A flexible straw substantially filled with a flavored material selected from the group consisting of jellied drinks, granitas, slushes, and precursors thereof, said straw having tightly fitting end caps.
2. (Original) A straw according to claim 1 wherein the straw is formed from a flexible material selected from the group consisting of polyvinyl chloride, polyethylene, polyethylene terephthalate and polypropylene.
3. (Original) A straw according to claim 1 wherein the flavored material is a slush.
4. (Original) A straw according to claim 1 wherein the flavored material is a slush precursor.
5. (Original) A straw according to claim 1 wherein the flavored material is a jellied drink.
6. (Original) A straw according to claim 1 wherein the flavored material is a jellied drink precursor.
7. (Original) A straw according to claim 1 wherein the flavored material also includes a beverage alcohol.
8. (Original) A straw according to claim 1 which is transparent.
9. (Original) A straw according to claim 1 which is translucent.
10. (Original) A straw according to claim 1 which is opaque.

11. (Original) A holder having a base portion and a flexible projection which hold flexible straws in place.
12. (Original) A holder having sockets to hold and connect two or more straws individually.
13. (New) A party game played by at least two people wherein each player inserts an end of a flexible straw containing a semi-solid flavored material selected from the group consisting of jellied drinks, granitas, and slushes into the mouth and sucks or blows into the straw to move the flavored material.
14. (New) A process for playing a party game wherein at least two people insert an end of a flexible straw containing a semi-solid flavored material selected from the group consisting of jellied drinks, granitas, and slushes into the mouth and sucks or blows into the straw to move the flavored material.
